For North Carolina — Fair and warmer Tuesday; Friday fair and warmer, followed by rain in west portions; fresh south winds.

It has been alleged that Roosevelt is a Democrat. The Washington Post denies it. Let it go at that.

If the new cooling combine is really the "Consumers' Ice Company" the consumers should hold a meeting at once and reduce prices.

General Taft sits on the lid with so little friction as to give us the exceptional example of a striking contrast with the way the lid is usually held down in Washington.

"How shall the masses be reached?" inquires Secretary Shaw. The money in the campaign fund can talk. Ask it. We are surprised at a Republican's asking irrelevant questions like that.

The "pointed paragraph" man of the Chicago News remarks: "The higher a man climbs the harder will be his fall." The lower his descent the harder it will be for him to act decent.

The newspapers as a matter of note are publishing that a Michigan man worth $7,000,000 had only $143 in his possesion when he died. Even if he had all his money with him it would cut no ice where he went.

Lieutenant Pearry is going after the North Pole in a strenuous ship which is to be christened "Roosevelt." With a ship named that to go on a polar expedition Pearry ought at least be able to bring down a polar bear.

In London the physicians are making an interesting study of a girl who has "manifested ten distinct varieties of personality." Our American girls would laugh at a girl who couldn't be more kinds of a girl than that every ten days.

The Associated Press dispatches from Colorado tell us that "President Roosevelt has killed a bear and a bob cat." If the President is gunning after cats he could have lots of fun shooting the Thomas felines which are now making ready to open the Summer concert season in our Wilmington water front alleys.

The Supreme Court of North Carolina has held to be constitutional a special Act for Union county making it prima facie evidence that a man is a retailer if he has more than a quart of liquor in his possession at one time. This means that a Union county man who goes to the creek to fish would be convicted of being a wholesaler if the officers could find his basket.

BOLD NEGRO BURGLAR.

Sneaked Into Residence and Gave Officers a Lively Chase.

Police, firemen and civilians figured in an exciting chase and the capture of a bold negro burglar, who was held in the Mayor's court yesterday noon in default of $200 bond for his appearance at the next term of the higher court. The negro's name is Punch Holly, 17 years old, and he was discovered between 11 and 13 o'clock yesterday morning in the act of rifling a trunk in a bed-room at the home of Capt. W. L. Beery, northeast corner of Fourth and Market streets. Hester Williams, the colored cook at Capt. Beery's, about the hour named had occasion to go upstairs to see Mrs. Beery, who was sewing in a room adjoining the one which was burglarized. Capt. Beery was away from home on his run as conductor on the S. A. L. at the time. As the colored woman went up the steps, the negro dashed out of the room and nearly knocked her down as he ran with his arms full of goods, which he had stolen. The woman screamed "burglar," when she had partially gained her composure and William Merrick, a colored man at work in the yard, saw the fleeing thief and gave chase, fireman and citizens in the vicinity joining in the pursuit. The negro ran down Fourth to Chesnut street and jumped over into a yard. Meantime word had reached the police station and Janitor L. F. Harper ran up to Third and Chesnut streets. He called to Capt. W. P. Monroe and a number of firemen on the hook and ladder truck, which was passing, and the thief was soon surrounded in the confines of the high brick wall around the property there. Policeman Harper was the first to lay hands on the negro and he was brought immediately down to the City Hall a few minutes before time for the Mayor's court. The negro made no denial of the theft, and a pocket book, containing a few articles of trifling value, which had been stolen from the room, was taken from his person. The negro was given speedy preliminary trail and being unable to furnish $200 bond, he was sent over to jail for the May 29th term of Superior Court.

Holly is well known to the police. He is thought to have sneaked into the residence of Mrs. Henrietta Shepard earlier in the day and stolen a rain coat which was missing from a rack in the hallway about 10 o'clock.

The institute will be conducted by experienced men and women of ability in the educational world, who will be brought to North Carolina this Summer for the holding of institutes in a number of counties under the auspices of the State Board of Education. The teachers in both the city and county schools of New Hanover will be expected to attend the institute here which will last from four to six weeks.

IN PINK AND WHITE

Miss Lena Payne Everett Attractive Bride of Mr. H. A. Huggins.

THE WEDDING YESTERDAY

Pretty Afternoon Service Joined in Marriage Popular Young Wilmington People—Reception and Bridal Tour North—Many Presents.

The First Presbyterian church, artistically decorated with palms, ferns and flowers, beautifully lighted and thronged with a gay and fashionable assemblage of guests, was never the scene of a prettier marriage ceremony than on yesterday afternoon at 5:30 o'clock when Miss Lena Payne Everett, the attractive young daughter of Mr. and Mrs. J. C. Everett, was led to the alter of Hymen by Mr. H. Allen Huggins and they were made man and wife in a beautiful service spoken by the Rev. J. M. Wells, Ph. D., pastor of the congregation. It was a pink and white affair and every environment was all that could be desired for the culmination of an affair fraught with so much happiness, not only for the two popular young people who took the marriage vow, but as well for the hundreds of friends and relatives there assembled to witness the nuptials.

The decorations were by Rehder, the florist, and the color scheme was carried out perfectly. The wedding marches were played in most effective manner by Mr. James Owen Reilly. The order of entrance into the church was: The ushers, by twos, Messrs. J. E. Everett, W. A. Whitney, Frank N. Pinner and J. E. Porter; the maid of honor, Miss Claire Lathrop; the bride, leaning upon the arm of her father, Mr. J. C. Everett. At the altar, the bride was joined by the groom, who entered from the vestry room with his best man, Mr. Garland Rose, of Raleigh. There was not the slightest variance from the arrangements and ere the strains of the wedding march had ceased, Dr. Wells began the beautiful service. The bride was given away by her father. The ceremony concluded, Mendelssohn's Wedding March rang out again and the bridal party left the church with the same due precision which characterized the ceremony all through.

The bride wore a becoming costume f white mousselin over taffeta and carried a shower bouquet of bride's roses and Lilies of the Valley. Her hat was a beautiful white picture creation and her ornaments were pearls and diamonds, a beautiful brooch including those jewels having been the gift of the groom.

The maid of honor was attired in white chiffon with hat to match. She carried an exquisite bouquet of bridesmaid's roses.

The groom and male attendants wore suits of conventional black with boutonnieres of white and pink carnations.

Immediately after the ceremony the party repaired to the hospitable home of the bride's parents where a delightful informal reception was given them and at 6:50 o'clock, Mr. and Mrs. Huggins, after taking carriages for the Front street station of the A. C. L., accompanied by many friends, left for a bridal tour to Washington, D. C., and other points North.

They will be away about a week, returning to make their home in this city where they have many friends. The groom is a popular young business man of Wilmington and is engaged with his father, Capt. George W. Huggins, in the jewelry business on Market street. The bride is a young lady much loved and admired in a wide circle of friends. Both are very popular as attested by the large number of costly wedding gifts and congratulatory letters and telegrams received.

Among the out-of-town guests here for the wedding were Miss Ethel Friedlin, of Portsmouth, Va., and Mr. and Mrs. F. D. Ross, of Charlotte.

COMING OF BLACK PATTI.

Sale of Seats for Conditional Matinee Begins This Morning.

The sale of seats for the matinee to be given here Easter Monday afternoon by Black Patti and her troubadours, upon which occasion if the sale justifies the entire theatre will be reserved for white people, will begin this morning at Plummer's. The prices will be 25 and 50 cents. To-morrow morning the sale of seats for the night performance will begin. Of the production by Black Patti in Charlotte Tuesday night, the Charlotte Observer of yesterday says:

"Possibly, too much could not be said of the performance given yesterday in matinee, and again last night, by the company of colored folk who go to make up the support associated with "Black Patti." In many of the numbers, both sung and spoken, there was real and high-class work. The singing in the last half of the affair was far more than had been expected, even by the sanguine. The concert vocalization was most pleasing, and showed not only natural ability, but a real appreciation of the uses of talent. There was no coarseness, no intimation of such a thing, and, all in all, the audiences found the programme entertaining in detail. The club work and specialty deals with hopes were nothing short of remarkable."

Money to Foreign Countries.

The Western Union Telegraph Company has extended its money transfer business to foreign countries. The local Western Union office will accept money to be transferred by cable to points in Great Britain, Ireland, France, Switzerland, Germany, Austria-Hungary, Italy, Sicily, Spain, Portugal, Belgium, Holland, Denmark, Sweden, Norway, Russia, Turkey, Romania, Bulgaria, Servia, Greece, Corsica, Sardinia and all other countries in Europe; also in Cuba, Alaska and the Philippines.

GREAT BOER WAR SPECTACLE

Three Thousand People Saw Exhibition at Hilton Last Night—Series of Delays in Afternoon.

It is estimated that fully 3,000 people saw the "Great Boer War Spectacle" at Hilton last night and a large majority of the number were well pleased with what they saw and heard. No afternoon performance was given on account of the condition of the grounds, which forbade the unloading of the heavy artillery in time for the appointed hour. The sand on the grounds is very deep and to add to the difficulties of the situation, the lot had been recently freshly ploughed. The parade was also delayed and did not reach the down-town sections until 4 o'clock.

The exhibition given was so entirely different from anything ever given here that the novelty appealed at once to the crowds. It is a big aggregation and the spectacle was one that impressed itself upon all who witnessed it. A detailed description is entirely unnecessary.

Gen. Cronje, the most interesting personage among the large company of Britons and Boers, who make up the aggregation, did not take part in the parade, but was in the mimic warfare inside the enclosure with all his oldtime vigor. He was called on at his hotel during the day by a number of Confederate veterans and others, and during the afternoon he and Mrs. Cronje were taken for a carriage drive about the city by Mr. James Sprunt, the British Vice Consul here. Gen. Cronje does not speak English, but through his wife, a very accomplished woman, he talks interestingly of the stirring times in the Transvaal less than half a dozen years ago.

The aggregation left early this morning on a special train for Goldsboro, where an exhibition will be given today. From Goldsboro the company goes to Tarboro and then to Norfolk. Later the exhibition will take up its permanent position at Brighton Beach.

BURGLARIES LAST NIGHT.

Three Residences Entered While Families Were Away From Home.

While the occupants were away from home, three residences in different sections of the city were burglarized last night between 8 and 10:30 o'clock.

While members of Mr. J. A. McNorton's family were at church, his dwelling on Sixth street was entered by unknown parties and ransacked from "cellar to garret," so to speak. When members of the household returned they found everything scattered and, in the confusion, could not tell exactly what had been stolen.

While Mr. A. Townsend and family were attending the Boer war exhibition, their dwelling, near Hilton, was entered by burglars who took a window out of the house as a means of entrance. A pocket book, a watch and other articles were missed, but fortunately the burglar or burglars did not find something over $50 that was hid away under one corner of a bed in one of the rooms. While Mr. James Kyle and family were away from home about the same time, a back door of their residence, No. 7 South Eighth street, was broken in and everything in the house turned topsy-turvey. A number of articles of value were missing, a list of which has been furnished to the police with the hope of recovery.

FUNERAL OF MR. JAMES.

Honor Paid to Memory of Young Man Much Beloved Here.

In the presence of a large assemblage of friends and relatives in St. John's Episcopal church at 11 o'clock yesterday morning, impressive funeral services were conducted by Bishop Robert Strange, Rev. James Carmichael, D. D., and Rev. R. W. Hogue over the remains of the late John Christopher James, whose death occurred at the home of his mother on Monday evening. The music for the services was beautifully rendered by a special male quartette composed of Messrs. H. K. Holden, James S. Williams, Charles Dushan and Charles McMillen with accompaniment by Mr. E. H. Munson. The floral offerings were numerous and very handsome, a beautiful design having been sent by the Daughters of the Confederacy, the deceased having been a son of a gallant Confederate soldier and Mrs. James, his mother, being a devoted member of Cape Fear Chapter, U. D. C.

Out of respect to the deceased who was a member of the Reserve Corps of the Wilmington Light Infantry, the armory of the company was appropriately draped in mourning yesterday and an engagement of the company to participate in the carnival parade tonight was cancelled. Many of the members of the W. L. I. attended the funeral services. The interment yesterday morning was in beautiful Oakdale cemetery, the pall-bearers having been: Honorary—Dr. E. J. Wood, Messrs. William Latimer, William Gilchrist, and G. Herbert Smith. Active—Messrs. T. W. Davis, R. A. Parsley, Thomas H. Wright, George D. Crow, W. B. Thorpe and Thomas F. Allen.

To The Work House.

Emeline Brown, the colored woman who was so disorderly near Second and Dock streets Tuesday morning, and who was arrested by Policeman Leon George, was given 30 days in the work house in each of two cases for being drunk and being disorderly, by the Mayor yesterday.

Have you seen them? They are at Gaylord's; don't miss them. Nuf sed. Three days' clothing sale. **

THE SUPERIOR COURT

The Proceedings Yesterday Were Largely Uninteresting and of No General Importance.

THE PLAINTIFF BECAME SICK

Hart Damage Suit Against Wilmington Grocery Company Continued Until Next Term With Several Others—Cases Set for To-day.

Yesterday's proceedings of the Superior Court were again without public interest. The damage suit of William J. Hart, et al., against The Wilmington Grocery Co., mention of which has been made in these columns, was entered upon first thing after the dinner recess but an abrupt end was put to the hearing at 4 o'clock when it was announced that Mrs. Hart had fainted in the ladies' waiting room of the Court House where she was seated awaiting to be called as a witness. Dr. W. J. H. Bellamy, Dr. C. D. Bell and other physicians were summoned to her assistance and she was sent to her home in a carriage. At that hour eleven jurors had been selected for trial of the case but Judge Allen stated that it would be of no use to proceed further, as the physicians could not say whether the patient would be able to attend the trial on the following day or not. The case was continued and set for trial as the first case on the first Thursday of the first week of the next term for the trial of civil causes. Hon. Jno. D. Bellamy and L. V. Grady, Esq., appear for the plaintiffs and Messrs Rountree & Carr, for the grocery company. It will be remembered that a runaway horse belonging to the Wilmington Grocery Co., ran into Mrs. Hart and two little children, injuring Mrs. Hart and one of the children, who was riding in a baby carriage. The plaintiffs are suing for $5,000 damages, it being alleged that Mrs. Hart was permanently injured.

Court met at 10 A. M. yesterday as usual and the sheriff returned as jurors for the day E. D. George, Chas. M. Whitlock, W. H. Turley and J. W. Atkinson; not found, Thos. W. Weaver. Col. Atkinson and Mr. Turley were excused for the day.

In the case of A. H. Slocomb Cooperage and Veneer Works against the Carolina Central Railroad Company, the defendant through Iredell Meares, Esq., consented to judgment according to paintiff's claim. It was ordered upon motion of E. K. Bryan, counsel for the plaintiff, that the plaintiff recover $23.42 with interest from January 20th, 1902.

In the case of C. H. Cooper vs. Cape Fear Lumber Co., which was an appeal from Justice John J. Fowler, the plaintiff failed to appear either in person or by counsel and upon motion of defendant, the action was dismissed, plaintiff to pay costs. It was further ordered that the judgment previously rendered from which appeal was taken be vacated.

In the case of Flynn & Co. vs. The Eccleston Lumber Co., by consent, it was ordered that the matter be referred to Geo. H. Howell, Esq., and that his findings be final; also that L. V. Grady, Jno. D. Bellamy and C. D. Weeks, trustee for Flynn & Co., be made parties to the action.

Notice of appeal was given in open court in the case of R. T. Sanders vs. B. F. Keith Co. Bond was fixed at $25 and 30 days was allowed each side to make up the case on appeal.

In the case of The Roberts Drug Company against J. C. Shepard, Jr., a jury was empanelled but before entering upon the trial, the defendant was granted further time to prepare case and a mistrial was ordered, defendants to pay costs of the present term.

In the case of R. W. Hicks vs. Mary H. Kenan, Ex. of the late W. R. Kenan, a jury gave a verdict awarding the plaintiff $136.25.

The case of Mortie L. Creech against The Wilmington Cotton Mills was continued by consent and set for trial as the first case at the next term of court for the trial of civil cases.

Cases set for to-day are R. J. Sykes vs. C. R., L. & P. Co.; D. McEachern vs. A. H. Slocomb; H. C. Creech vs. Wilmington Cotton Mills; Stone & Co. vs. Clyde S. S. Co. and Carrington Cigar Co. vs. J. C. Shepard.

CHILD'S FRIGHTFUL FALL.

Watching Boer War Parade Syrian Girl Fell to Pavement.

While leaning out a window on the second floor of a store where the family lives on north side of Market street, next to Bellamy's drug store, watching the parade of the Boer War Company, a little Syrian girl 7 or 8 years old, fell to the brick pavement, a distance of 15 or 20 feet yesterday afternoon and was so seriously hurt that death may result as the consequences of the fall. The girl fell on her head and was knocked senseless. Dr. Pride J. Thomas and other physicians were summoned and after temporary measures had been adopted, the child was sent to the hospital. She had not entirely regained consciousness last night and the result of the injuries could not be foretold. The skull may have been fractured and internal injuries may develop. The child is a niece of Joe Simon, the well known Syrian merchant, who is providing every comfort for the sufferer.

Daughters of Confederacy.

The Daughters of the Confederacy met yesterday afternoon at the Wilmington Light Infantry armory and perfected all arrangements for the due observance of Memorial Day on May 10th. A reference to the programme arranged was made in yesterday's Star

BIG CARNIVAL DAY.

Parade To-Night a Feature—Large Crowds Yesterday.

The carnival of the Jolly Haymakers increases in popularity. Despite the counter attraction yesterday afternoon and last night the crowds that merrily thronged the merry midway were larged and more hilarious than ever. The shows all enjoyed a fine patronage and, if anything, improved upon their exhibitions. Two excursion parties came up from Southport last night and helped to swell the throng on the grounds. The best of order prevailed and everything passed off most pleasantly.

To-day will be one of the biggest of the week and will be featured by a grand spectacular parade to-night, leaving Red Men's Hall, on South Front street, at 7:30 o'clock. The parade will be headed by police and in line will be the Haymakers in characteristic "Rube" attire; the Haymakers' and the Jones & Adams Carnival bands; the Wilmington Division, Naval Brigade, Boys' Brigade of America, apparatus of the Wilmington Fire Department, pale faces, Red Men, squaws, papooses and whosoever-wills.

The parade will start at Red Men's Hall; thence up Front street to Walnut street; thence along Walnut to Third street; thence on Third street to Castle street; Castle to Sixth; Sixth to Orange; Orange to Carnival grounds.

Capt. G. A. Croom Here.

Capt. George A. Croom, of Waycross, Ga., one of the Atlantic Coast Line's popular conductors, was an incidental but welcome caller at The Star office yesterday. He has been in the city a few days attending the O. R. C. meeting. Captain Croom is a native of Wilmington and is a nephew of Wilmington's esteemed townsman, Capt. R. C. Orrell. He is now a conductor on the Coast Line between Waycross and Montgomery, Ala., and resides in Waycross which he proudly calls the capital of Southeast Georgia. When he moved to the crossing in 1881 he chopped down pine trees to build his house, but it is now in the centre of a thriving little city of 7,000 people. The place is growing very rapidly and what the growth has been won't be a circumstance, Capt. Croom says, when the Coast Line at an early day begins work on its $450,000 shops, recently decided upon.

Anniversary To-Night.

Anderson, for all members of George Washington Council to join their sister lodge in the celebration.

Thursday Morning, April 20.

INDIANA'S ANTI-CIGARETTE LAW.

The Associated Press dispatches from two places in Indiana in yesterday's paper stated that the authorities have commenced enforcing the anti-cigarette law passed by the Legislature of that State at its recent sitting. One young man was fined $35 for having a package of cigarette paper in his pocket. He was arrested on another charge and when searched the tell-tale cigarette paper was discovered. Although he stated that he did not smoke cigarettes and said he did not know how he came to have the paper in his pocket, he was fined, because the law not only prohibits the smoking of cigarettes but makes it equally punishable to have the papers in one's possession.

On Monday, John M. Lewis, of Madison, Ind., was fined for smoking a cigarette, an appeal was taken to the Circuit Court, and if the lower court's decision is affirmed, Lewis will appeal to the Supreme Court for a test of the constitutionality of the law. Lewis was arrested by a constable for smoking a cigarette on the street, and was fined $35. Ollie McPherson, a restaurant clerk, was also arrested while smoking, and gave bond for $25 in the City Court.

The above instances show that the law officers have begun a work that will give them plenty to do, but it is presumed that the cases will rapidly go to the Supreme Court where the anti-cigarette law will be reviewed on the ground that it is unconstitutional as it interferes with the liberty and personal privilege of the citizen.

The New York Times of Monday, before having learned of the cases in the courts under the law, said this:

"The enactment by the Legislature of Indiana of a law not merely making it a misdemeanor to sell cigarettes, but penalizing the having of them or of the paper used in rolling them in posession, is an example of the flagrant abuse of the police powers of a Commonwealth under the stimulus of ignorant and prejudiced monomaniacs. The cigarette is a roulette of tobacco incased in a shell of paper. Obviously the smoking of tobacco is not the offense penalized, since one may smoke it in a pipe, meerschaum or corncob, as he pleases, with impunity, if not with legislative approval. What remains is the paper. This is as nearly pure cellulose as can be manufactured. It gives in burning, carbonic acid, pyroligneous acid, and ash. The carbonic acid is harmless, and from a dozen packages of cigarettes one would get less of it than he would absorb in a glass of soda water. The pyroligneous acid is a product of the destructive distillation of all hydrocarbons, and less of it would be taken into the system as the result of a day's smoking of cigarettes than from a pipe. In either case it would be less in volume than a dentist would put into the cavity of an aching tooth. The ash remains behind and is not taken into the system in any way. Of the cigarette it may truthfully be said that the worst thing in it is the tobacco, and this is, as the rule, better and less sophisticated than that prepared for pipe smoking.

"For the prejudice against the cigarette there is absolutely no intelligent basis. If one opposes the use of tobacco his position is perfectly intelligible and to a great extent defensible. If he tolerates it or approves it, but denounces cigarette smoking as a vice, he is not necessarily a fool, but he certainly displays an ignorance of the elements of chemistry and hygiene of which a man of average intelligence should be ashamed. The Indiana cigarette law is an outrage in its invasion of personal liberty and its interference with legitimate trade. It cannot for a moment be defended upon any ground that the suppression of the cigarette comes within the police powers of a State. If it could, precisely the same argument would apply with greater force to other forms of tobacco and with equal force to the sale and use of tea and coffee, which probably do a much greater amount of harm than results from tobacco."

We cannot very well see how the cigarette or tobacco smoking in any form can be well defended, but the Times makes the subject interesting both from a legal point of view and also in its remarks about the cigarette itself. Notwithstanding what our esteemed New York contemporary says, it will be hard to convince people that the cigarette is not extremely deleterious, but it is hard to get around a man's privilege to do as he likes when it comes to smoking.

PEARSON'S FOR MAY.

The first of the magazines for May to reach us is Pearson's. This popular publication as usual is full of entertainment and instruction for the reader. The table of contents is varied, and among the many intensely interesting contributions is one entitled "The Shackling of Jefferson Davis," told by an eye-witness. It is illustrated by photographs and will be widely read. Among the many other valuable articles, Kate V. Saint Maur continues her invaluable contributions on "A Self Supporting Home." In a mere notice like this it is impossible to call attention to all the excellencies of Pearson's, so we just give a hint. The magazine is sent for $1 a year or 10 cents per copy. Address The Pearson Publishing Company, 2 to 20 Aston Place, New York.

NO PATERNALISM IN CANADA.

Says an exchange:

"Last year the Canadian Indian tribes raised farm produce to the value of more than a million dollars, while the value of the products of hunting and fishing reached one million and a quarter. They earned wages to the amount of $1,500,000, and many of the members, it is stated, live in their own homes, built by themselves. That would unquestionably seem to carry adverse comment on our policy in dealing with the Indian."

The American Indian is the victim of paternalism. He has not been taught self reliance but has learned to hang around the "agency" when grub gets scarce or his blanket wears out.

CURRENT COMMENT.

—All who hope the frost will bite the Easter millinery bills will please hold up their hands!—Baltimore Sun.

—Seven hundred Democrats attended the New York Jefferson banquet. They go to the food much better than to the polls.—Washington Times.

—If the women of the country can stamp out Mormonism, the politicians who have vainly tried the experiment must take off their hats and bow low.—Washington Star.

—Commissioner Prouty's declaration that the railroad is the father of the trusts seems to dispose of all mystery over the trusts' pedigree, as the tariff has long been recognized as the mother of them.

—Admiral Togo and Admiral Rojestvensky are warm personal friends. But when they meet in battle they will be as eager to kill each other as if they had never shaken hands and said, "Proslt."—Savannah Morning News.

—"I should like to be friends with him," says Governor Vardaman, speaking of the President. Now let Spooner and La Follette kiss and make up, and the world may resume its dream of universal peace.—Washington Post.

—The lower house of the Illinois Legislature has passed a bill prohibiting the marriage of divorced persons within one year after the signing of the decree of divorce. What terrible punishment! Meanwhile, any divorce person in Illinois who wants to get married in less than a year has only to buy a railroad ticket to Indiana, and the thing can be accomplished.—

—Some months ago the New York Board of Aldermen voted to give Hiram Cronk, the last survivor of the war of 1812, a public funeral. In spite of this inducement to die Mr. Cronk decided to remain among us a while longer, and will celebrate his 105th birthday to-morrow. He won't lose the State funeral by declining to accept it at this time; he can have it whenever it will be convenient for him.—Philadelphia Record.

—As an illustration of the depreciation in value to naval fighting machines of new and improved armament it is only necessary to note that the total amount realized for the thirty-one obsolete British war vessels recently sold at public auction was but $960,000, although they represented an original outyal of $15,000,000. The fact that under the terms of the sale none of them could be transferred to a foreign power, but must be broken up within a year no doubt had a tendency to restrict bidding and keep down the amount realized, but under the most favorable conditions there is a rapid deterioration in naval equipment. The constant improvements being effected make the marvel of to-day antiquated to-morrow.

SPIRITS TURPENTINE.

—The King's Mountain Herald learns that the old Miller factory out on the river near Shelby was struck by lightning Monday evening of last week and consumed. This is the second time this mill has had such a fate.

—Newbern Journal: One of our business men is sending cotton seed to Oklahoma. The person sending the order states that he got the most satisfactory results from the Newbern article of any cotton seed he ever planted.

—Authentic advices were received at Elizabeth City on Monday from Hon. S. M. Beasley, of Poplar Branch, increasing the reward for the apprehension of his son Kenneth to $1,000. Intense excitement still prevails in that section over the kidnapping of his son.

—Newbern Journal: Prof. Hume is quoted in a recent newspaper article as saying that four crops a year could be grown in Eastern Carolina, if farmers tried to cultivate them. In this vicinity four crops have been grown for years, and with some farmers is the usual thing.

—Charlotte Observer: Mr. B. W. Allen, the typewriter man, said yesterday that he was in Greenville, S. C., Monday morning and that the frost, down there was a heavy as he ever saw in December. Mr. R. M. Williams, of Maxton, said that the cantaloupes in his section were killed, so many as had sprouted.

—A movement is on foot to establish a local fire insurance company at Durham. The company will have a paid in capital of $100,000. The company will be backed by many prominent, influential and wealthy citizens. It is expected that at least half of the capitol stock will be raised in Durham and that the other half will come from the State at large.

—While visiting at the Presbyterian hospital in Charlotte Friday, Mr. R. H. White, of Concord, became suddenly insane. He was detained in the police station until friends arrived from Concord to take him home. Mr. White is a kinsman of Messrs. Chal and Tom White, who were involved in the killing of Russell Sherrill, and his mind seems at time to dwell on that tragedy.

—Congressman Gudger is urging Gov. Glenn to grant a pardon for Ephriam Hansley, a white man 64 years old who is serving a three years sentence for manslaughter in Madison county. He has served fourteen months of the sentence. Ephriam and Andy Hansley were involved in a row with another man and a shot fired by Andy killed Rachel Shelton, a woman who was standing near. Andy escaped and has never been captured. The Governor has the petition under advisement.

—Reports from the mountain districts around Asheville are to the effect that the cold wave and freeze of Sunday and Sunday night did much damage to fruit in that section of the State. It is said that partically all the peaches and early berries have been killed; that plums and other small fruit is hurt; that the apple crop will be short. Early vegetables were also damaged by the cold. Irish potatoes that were planted early, and that had come up, were nipped by the frost and killed. One rural truck grower said he endeavored to save his early potatoes Sunday by covering them with earth, but that his efforts were in vain, the vegetables being frosted beneath the earth.

—Raleigh Post, April 18: The managers of the Raleigh liquor dispensary yesterday handed to City Clerk Wilson a check for $12,500, the profits for the first quarter of 1905. This amount is to be divided between the county and city according to law. This does not really represent the net earnings of the dispensary because a part of the profits was reserved so as to meet some anticipated bills. The profits for the first quarter of last year were $8,000, so this year shows a gain of $4,500. Under the law passed for this county by the last legislature instead of one-half ($6,250) going to the city and one-half ($6,250) going to the county general school fund, the $12,500 will be divided as follows, three-tenths ($3,750) to the general school fund, three-tenths ($3,750) to the road fund, and four-tenths ($5,000) to the city.

—Rock Hill (S. C) Herald: Two North Carolina brothers named Abernethy came into this county last Summer and located at the Jones Mill, foremerly known as Garrison's Mill. At that point there is an old daw that was well in ruins. The strangers, however, rebuilt the dam, put in a half-dozen or more traps, and now they are daily reaping from 400 to 800 pounds of fish—redhorse, carp and suckers—and sell them on the Rock Hill and Fort Mill markets at 10 cents per pound. Last Thursday they disposed of about 900 pounds, and each day since they have had large supplies on this market. While our own people were asleep, those North Carolinians came into our midst and inaugurated an industry that nets them from $30 to $75 per day. That is a big thing, and only serves to show the many ways yet undeveloped by which money may be made, if we are smart enough to take hold.

—It was learned on Tuesday through a private letter to an Asheville gentleman that agents of John D. Rockefeller and the Standard Oil Company are engaged in buying up large tracts of land in the Chimney Rock section of Rutherford county, and that already some 10,000 acres have been purchased. There has been a rumor afloat in that section for some time that the Standard Oil Company was securing options on and buying great tracts of land through its agents, though for what purpose was mere speculation. Some were of the opinion that it was believed oil properties had been discovered there, and that the oil magnate intended getting the land in their hands and boring for the fluid. It is stated now, however, semi-officially, that it is not oil that Mr. Rockefeller and his company is after, but timber. It is said that several big saw-mills will be established in the timber boundaries, and the chestnut-oak will be converted into barrels to be shipped North and West for use in the oil regions. The lands that have been purchased by the Standard Oil Company are situated on both sides of the main Board river, and contain some of the most valuable timber in the State.

READ ALL THIS.

You Never Know the Moment When This Information May Prove of Infinite Value.

It is worth considerable to any citizen of Wilmington to know how to be cured of painful, annoying and itching piles. Know then that Doan's Ointment is a positive remedy for all itchiness of the skin, for piles, eczema, etc. One application relieves and soothes. Read this testimony of its merits:

C. S. Hollen, printer on the Morning Messenger, residing at 419 Grace street, says: "I had used several remedies to get relief from itching piles but without any good results. Learning of Doan's Ointment I obtained it at Bellamy's drug store. It acted immediately and proved so effective that I am entirely cured of the affliction. I found it to be an excellent remedy."

For sale by all dealers. Price 50 cents a box Foster-Milburn Co., Buffalo, N. Y., sole agents for the United State.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. **HARDIN'S PHARMACY, Special Agent.**

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine, E. H. Wolfe, of Bear Grove, Iowa, cheated death. He says: 'Two years ago I had Kidney Trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." R. R. Bellamy, druggist, guarantees them at 50c. **

Rev. John Reid, Jr., of Great Falls, Mont., recommended Ely's Cream Balm to me. I can emphasize his statement, "It is a positive cure for catarrh if used as directed."—Rev. Francis W. Poole, Pastor Central Pres. Church, Helena, Mont.

After using Ely's Cream Balm six weeks I believe myself cured of Catarrh.—Joseph Stewart, Grand Ave., Buffalo, N. Y.

The Balm does not irritate or cause sneezing. Sold by druggists at 50 cents or mailed by Ely Brothers, 56 Warrent St., New York. **

Frightful Suffering Relieved.

Suffering frightfully from the virulent poisons of undigested food, C. G. Grayson, of Lula, Miss., took Dr. King's New Life Pills, "with the result," he writes, "that I was cured." All stomach and bowel disorders give way to their tonic, laxative properits. 25c. at R. R. Bellamy's drug store, guaranteed. **

FREIGHT REBATES AGAIN.

Before Senate Committee on Inter-State Commerce Again.

By Wire to The Morning Star.

Washington, April 19.—Victor Morwabe, of the Atchison, Topeka and Santa Fe Railroad, again was before the Senate Committee on Inter-State Commerce today. Replying to a question by Senator Dolliver, Mr. Morwabe explained the charges regarding the granting of rebates by the Atchison to the Colorado Fuel and Iron Company. He said that the alleged rebate grew out of confusion of the cost of transportation and the cost of coal. The Atchison filed with the Inter-State Commerce Commission a rate of $4.06 from the mine to the point of intersection with another road, which was controlled by Phelps, Dodge and Company, the coal consignees. As a matter of fact he said, the rate was $2.90 per ton and the difference of $1.15 per ton was paid to the Colorado Fuel and Iron Company for the coal. The road collected the price of the coal and the cost of transportation at the point of delivery. It was alleged that the payment of $1.15 to the Colorado Company was a rebate, when as a matter of fact, he said, no rebate was paid. No interest he stated suffered by the act of the company. Nobody connected with the Atchison system had any interest in the Colorado Fuel and Iron Company.

Mr. Morwabe denied that the Atchison had paid $1,000,000 in rebates to the Standard Oil Company.

NEGROES FIGHT IN FLORIDA.

Little Bout on the "Quiet" at Jacksonville Yesterday.

By Wire to The Morning Star.

Jacksonville, Fla., April 19.—A prize fight took place today just outside the city limits between Tubby Dixon, of Jacksonville, and Howard Dickson, of Philadelphia, both colored. The affair had been kept quiet to avoid interference by the county authorities. It was to have been a ten-round contest but, it ended in the third by Tubby Dixons striking his antagonist a fearful upper cut on the point of the chin, lifting him clear off the floor. Howard Dickson fell and for twenty minutes afterwards was unconscious.

WINTRY APRIL BRINGS RUIN

Virginia Hard Hit By Snow, Ice and Frost for the Past Four Days.

FRUIT AND TRUCK KILLED

Roanoke Experienced Blizzard and Snow Storm Sunday and Hoar Frost Yesterday—Killing Frost at Norfolk and Newbern.

By Wire to The Morning Star.

Roanoke, Va., April 19.—After surviving a snow blizzard that raged last Sunday, followed by ice and wind and a temperature in the twenties on Monday and Tuesday, the fruit crop of this section was about wiped out by a killing "black frost" last night. The Valley of Virginia was white with frost this morning. People coming here from different points say that the crop has all been killed. News from Bent Mountain and Back Creek, in this county, is not encouraging and it is feared the export apple crop in that section is lost and if this proves the case the loss to the fruit growers means thousands of dollars. Early vegation has suffered the same fate as the fruit. To-night it is much warmer.

Below Freezing at Lynchburg.

Lynchburg, April 19.—The temperature here this morning was two degrees below the freezing point and a heavy frost formed. There seems to be no doubt but the fruit has been greatly damaged and if there is a crop this year it will be a very short one. The fruit appeared to be safe up to today.

Killing Frosts at Norfolk and Newbern.

Norfolk, Va., April 19.—The weather bureau to-day reported a greater deposit of frost last night than the night before, but a deposit calculated on account of a higher temperature to have done less damage in this vicinity than on Monday night, when the thermometer went to 36 degrees. The temperature last night fell to only 40 degrees. The truckers suffered to some extent, but no special reports of losses were received at the weather bureau during the morning. Killing frost last night was reported at Richmond, Va., and Weldon, N. C., with light frost at Raleigh, Goldsboro and Newbern, N. C. It is estimated that the cold weather in killing off crops has caused a loss of over $100,000 in Norfolk county alone.

ANTI-CONSUMPTION LEAGUE.

States Petitioned to Establish Sanitoriums for Isolation of Patients.

By Wire to The Morning Star.

Atlanta, Ga., April 19.—El Paso Texas was chosen today as the next meeting place of the American Anti-Tuberculosis League, other aspirants for the honor withdrawing in favor of that city. The election of officers resulted as follows:

President, Dr. R. E. Coniff, of Sioux City, Iowa; secretary, Dr. Walter N. Villas, of El Paso, Tex.; vice presidents from the various States so far as chosen are Drs. T. V. Hubbard and A. H. Vanyke, Atlanta; C. P. Ambler, Asheville, N. C.; C. A. Snodgrass ,St. Louis; El McGhee, New Orleans; Mark Millikin, Hamilton, Ohio; U. V. Williams, Kentucky; J. Y. Porter, Florida; Preston H. Hickey, Detroit; T. M. Gray, East Orange, N. J., and W. J. McMurray, Nashville, Tenn.

The resolutions adopted urged the duty upon the various States the establishing of sanitoriums for isolation and care of tuberculosis patients. The resolution offered by Dr. J. Y. Porter, State health officer of Florida, was adopted, which directed the publication and wide dissemination by the league of literature, containing information as to how favorable results are acquired, how to prevent the spread of the disease, and outlining the proper care of the patient.

The regular programme of the day was followed, the absence of several speakers necessitating the reading of their papers by title and ordering them to be spread on the records of the meeting.

The convention adjourned sine die late today and the visitors were given an elaborate reception this evening at the Piedmont Driving Club.

AID FOR SOUTHERN COLLEGES.

Chicago Capitalist to Donate Money to North Carolina Institutions.

By Wire to The Morning Star.

Chicago, April 19.—Gifts amounting in all to $250,000 will be made this year to small colleges in the rural districts of Tennessee, Kentucky, North Carolina and West Virginia. This announcement was made to-day by Dr. D. K. Pearsons, retired capitalist and benefactor of many small colleges in the United States.

"I am not going to give to any rich colleges," said Dr. Pearsons. "I have a lot of colleges to choose from in distributing the $250,000 that I have decided to send down South. I am going to pick out the very poorest and most worthy and will have the money ready by May 1st."

DINNER TO DIRECTOR NORTH.

Prominent Southern Manufacturers Postpone It Till Later.

By wire to The Morning Star.

Charlotte, N. C., April 19.—The dinner which Messrs. D. A. Thompkins and C. H. Harris, of North Carolina, and A. Ellyson Smythe, of South Carolina, all prominent manufacturers, were to give at the Capital Club, Atlanta, on the 22nd instant in honor of Hon. S. N. D. North, director of the census, has been postponed to a future date to be fixed, because of a telegram from Mr. North that he was unable to meet the engagement, owing to the illness of his wife. The dinner is to be given in order that the director may be heard of the subject of the insurance of the cotton reports.

NEW HANOVER CONVICT.

Ernest Porter Pardoned Yesterday By Governor Glenn—Grounds.

Special Star Telegram.

Raleigh, N. C., April 19.—Governor Glenn grants a pardon for Ernest Porter, sentenced from New Hanover in 1903, to two years for seduction under promise of marriage. He is pardoned on account of matters developed since the trial in that it has been found that the prosecutrix was not a moral woman and knew that Porter was a married man at the time of the alleged seduction. These facts, the Governor says, were not brought out at the trial and the judge joined in the request for a pardon, which is granted. The father of the prosecutrix also asked for the pardon.

TRIAL OF THE CHORUS GIRL.

Jury Selected to Pass on Life of Nan Patterson—All Married Men.

By Wire to The Morning Star.

New York, April 19.—The jury which is to decide the fate of Nan Patterson on trial for the third time upon the charge of murdering "Caesar" Young, a bookmaker, was completed at 7:40 to-night when Recorder Goff adjourned court until next Monday morning.

Miss Patterson is to again face a jury composed almost entirely of married men, only two of the accepted panel of twelve being single—one a bachelor, the other a widower. Most of the jurymen are men of middle age and beyond. Many of them have large families, some grown daughters who are married. It was announced tonight that the defendant will take the stand again during the present trial and tell her story of how Young met his death in the hansom cab last June as he was driving to the steamship pier to join his wife on a trip to Europe. It is also said that Miss Patterson is anxious that her sister, Mrs. J. Morgan Smith, should become a witness for the defense although it has not been determined yet, either by the prosecution or the girl's lawyers just what part the J. Morgan Smiths shall play.

When the last juror had taken his place in the one empty chair remaining in the box Recorder Goff turned to the twelve men and delivered the customary warning not to discuss the case or to allow it to be discussed in their hearing. He then adjourned the court.

Miss Paterson had a little chat with her father and was then led back to her cell in the Tombs. Her counsel declares the girl is well pleased with the jury. Throughout the day she had evidenced the kenest interest in the examination of the talesmen, listening intently as one after another declared he had formed or expressed an opinion as to her guilt or innocence and that nothing adduced at the trial could alter that opinion.

THE STOCK MARKET.

Agressive Rise in Southern Group Yesterday—Street Gossip.

By Wire to the Morning Star.

New York, April 19.—Speculative sentiment on the stock exchange turned again to-day on technical market conditions rather than on intrinsic conditions of values and the news bearing on them. There was another flutter amongst speculators in stocks caused by the renewed slump in Northern Securities on the curb. That stock did not touch yesterday's low price, however, and its downward course was effectually checked and a substantial recovery affected, with corresponding effect on the market for stocks withiu the stock exchange. Doubt were urged of the legal rights of the Union Pacific to hold Northern Pacific of Great Northern stock which would come to it as the proceeds of the Northern Securities division. With these suggestions of a spirit of hostility rather than harmony prevailing in the railroad world the so-called "mystery stocks" in the market suffered most acutely from the liquidation, but rallied effectually on the late renewal of harmony reports. There were no dealings in Northern Pacific but nominal quotations were made for the stocks when released and the bid and asked prices thus made showed the price range well sustained near the recent high level. Great Northern preferred sold down 19 1-2 and rallied five. This relieved some apprehension that the stocks were likely to slump when the redistribution replenished the supply in the market. The agressive rise in the Southern group aroused some new conjectures of important financing projects. U. S. Steel preferred responded on the recovery of confidence in conditions in that trade. Traders who fought the rally by selling short were forced to cover at the last and made the closing the strongest of the day.

MARRIED THE COACHMAN.

Carnegie Prefers His Niece Not to Marry Worthless Duke.

By Wire to The Morning Star.

New York, April 19.—It became known to-day that Andrew Carnegie's niece, Nancy, was secretly married about a year ago to a riding master named Heaver whom she met at Newport. The story was confirmed by Mr. Carnegie. "My niece was married to Mr. Heaver in New York about a year ago," he said, "Mr. Heaver was a riding teacher in the family. The family had no objection to the match. Mr. Heaver is an honest, upright young man. I would rather Nancy had married a poor, honest man than a worthless duke. We want no rich men in the family."

Mr. Carnegie said that Mr. and Mrs. Heaver went to Europe after their marriage. They returned a few days ago and are now on a visit to New England. Mr. Heaver was formerly coachman for his wife's mother, Mrs. Thomas M. Carnegie, in Pittsburg and at her winter home at Fernandina, Fla. He was a widower with two small children.

THE PRESIDENT'S HUNT.

No News from Camp Yesterday—Snow, Hail and Rain.

By wire to The Morning Star.

Glenwood Springs, Col., April 19.—With President Roosevelt and Sect'y Loeb, in camp 20 miles from the nearest telegraph office, no news of the hunt came out of the woods to-day. When Mr. Loeb returns to-morrow it is expected he will bring information of the luck that has attended the President's hunt for big game. The President keeps a personal dairy, and correspondents await the return of the Secretary with much impatience. Storms of snow, hail and rain surged about the mountains in the direction of the east divide nearly all day and Mr. Loeb must have had a rought, uncomfortable trip to the camp, having left here this morning with documents requiring the President's signature.

By Cable to The Morning Star.

Tokio, April 19.—5 P. M.—Although not reported directly, it is believed that the Russian Second Pacific Squadron continues the occupation of Kamranh Bay, or some other port of Annam, where it is expected to remain until joined by the Third Russian Pacific Squadron. The report that Admiral Rojestvensky is maintaining a patrol and examining neutral shipping off Kamranh Bay increases the irritation toward France for permitting the use of that port as a base of operations. The Japanese government continues silent regarding the representations on the subject which have been made to France. The press, however, continues its agitation against France, demanding vigorous action.

Keen Interest at St. Petersburg.

St. Petersburg, April 19.—7:55 P. M.—The keenest interest is manifested in the dispatches referring to the Russian squadron commanded by Admiral Rojestvensky but the admiralty claims to be as much in the dark as the public regarding the plans of the admiral. The report that part of the squadron was sighted off Hong Kong is not credited here, however, as Hong Kong is far off his route. The main question now agitating the naval officials is whether Rojestvensky will elect to proceed northward through the straits of Formosa or bear off into the Pacific through Bashi channel, South of the islands of Formosa or Belangtang channel, North of the islands of Luzon. The conviction is growing stronger that the Japanese heavy division is concentrating close to the shores of Japan and it is also believed that Admiral Togo will decline to give battle in the open sea. This is what the admiralty officials hope for, as it sincerely believes Rojestvensky would have more than an even chance if the two squadrons lined up in an open sea fight. They believe that Togo's tactics will be night torpedo boat attacks in an attempt to scatter the Russian ships, putting some of them out of action and then picking off the damaged vessels in the morning, as it is recognized that if one of the Russian ships is injured it might be too dangerous for the whole squadron to stand by her and thus offer a big target for the Japanese torpedoes. Such a running fight accompanied by nightly torpedo attacks, therefore, is what is most dreaded.

The admiralty has no confirmation of the reported cutting of the cable connecting the island of Formosa with the Chinese mainland at Foochow, but it is pointed out that even if true this would not sever communication with Formosa, as there is a direct cable from Kilun in the northern part of the island, running by way of the Luchu Islands to Japan.

No News from Front.

Tokio, April 19.—6 P. M.—An official report from Manchurian headquarters says: A Japanese force advanced toward Tunghus, fifty miles east of Ksincheng and occupied that place on April 15th. The enemy retreated to the North. There has been no change in the situation elsewhere.

The torpero-boat destroyer Kiji was launched at Kure to-day. Her displacement exceed 200 tons.

Holding Up Shipping.

London, April 19.—A despatch to a news agency from Tokio says: "Information received here is taken to indicate that the Russian squadron proposes staying at Kamranh Bay until May 7th,. Admiral Rojestvensky, meanwhile sending out crisers to overhaul merchantmen proceeding along trade route to the straits of Formosa. The transports accompanying the Russian squadron are reported to be plying between Kamranh Bay and Saigon under the merchant flag or Russia."

Protest Sent to France.

Chicago, April 19.—A special to the Daily News from Tokio says: At a conference of the elder statesmen and the principal cabinet members to-day a strong worded protest was sent to France regarding its frequent violations of neutrality in providing shelter for and rendering assistance to Russian Baltic fleet, at Madagascar and now at Kamranh Bay. No answer has as yet been received from the French authorities.

Watching the Hostiles.

Washington, April 19.—Rear-Admiral Train commander in chief of the Asiatic station, has reported to the Navy Department by cable that the Paraguay is at Jolo, the Mindoro at Pollok, Mindanao Island, and the Wisconsin at Olongapo on Subig Bay, Island of Luzon. He also reported that the Quires is cruising in Lingayen gulf and that the torpedo-boats Dale and Decatur are cruising off the island of Palawan. Reference to the map of the Archipelago shows that this disposition affords excellent opportunity for observing the movements of the hostile fleets should they approach or enter Philippine waters.

Cutting Off Vladivostok.

Harbin, April 17.—There was a determined attempt on the night of April 17 to cut the railroad between Harbin and Vladivostok, a formidable body of Chinese bandits making an attack near the station of Imyanpo, one hundred miles east of Harbin. After a desperate fight which lasted several hours the bandits were driven off and dispersed. Many smaller companies of Chinese bandits are roving in the rear of the Russian army, but disappear when pursued. It is thought probably that they are Manchurians, who scatter to their villages when they find themselves in danger.

There are various reports of wide turning movements at Tsithar or eastward, but as yet these rumors are apparently unfounded. The vigor of the skirmishes taking place on the left flank of the Russian army, however, seems to indicate that the Japanese are planning to go to Harbin and Vladivostok.

ALABAMA AFTER TRUSTS.

Diamond Match Company Sued for Violating Corporation Laws.

By Wire to The Morning Star.

Montgomery, Ala., April 19.—The State of Alabama, through its attorney general and solicitor of Alabama, today brought suits against the Diamond Match Company, of New York, in the sum of $20,000 in penalties for the alleged failure of the company to comply with the corporation laws of this State before doing business here. Leading attorneys here predict that this is the beginning of a general crusade of the State of Alabama against alleged trusts.

NEW RAILROAD.

Georgia and Northern Ciptalists To Build 316 Miles.

By Wire to The Morning Star.

Atlanta, Ga., April 19.—Secretary of State Cook today granted a charter to the Atlanta, Birmingham and Atlantic Railroad Company, which has already acquired most of the necessary right of way and will build a line from Montezuma, Ga., through La Grange, in Troupe county to Birmingham, Ala., a distance of 241 miles. The company will build another line from Atlanta to a connection with the Montezuma line at or near Wedowee, Ala., a distance of 75 miles.

The road will be bought by the Atlantic and Birmingham construction compay, under contract, this company having been recently incorporated here with a capital of $3,000,000 while the capital stock of the railroad company is only $1,000,000, this sum being merely nominal, as the road will be built with the proceeds of the bonds.

Back of this enterprise is H. M. Atkinson, the Atlanta financier, and New York and other Northern capitalists, who were recently in Georgia, and took a trip over the Atlantic and Birmingham which they also own and over parts of the right of way of the new line.

The Atlanta, Birmingham and Atlantic will connect at Montezuma, with the Atlantic and Birmingham and these two lines will ultimately be consolidated, making a through line from the Georgia coast at Brunswick to Birmingham, where a western connection will be secured.

NEGROES LYNCH NEGRO.

Their Victim Murdered Man and They Hanged Him.

By wire to The Morning Star.

Memphis, Tenn., April 19.—A News-Scimitar special from Mariana, Ark., says:

Enraged at the action of John Barnett, a negro, in shooting and killing Albert Walsefield, another negro, last Sunday, because the latter circulated the report that Barnett was a dangerous man, twenty other negroes employed in a levee camp near Askew, have taken Barnett out and hanged him. Barnett came to the camp early last week and secured work. Walsefield had known Barnett before and told the boss of the camp that he was a dangerous man. Barnett heard of this and the shooting followed.

GOVERNMENT EXPERTS COMING.

Soil Survey for New Hanover—Experts in Road Building.

Chairman D. McEachern, of the Board of County Commissioners, is advised by Congressman Patterson, of this district, that he has been able to secure a corps of engineers to make a survery of the soils of New Hanover county some time this Summer. The information gained by this survey will be invaluable to planters in this section, as it will be shown for what crops different lands are best adapted. The experts will be given hearty co-operation by the Commissioners when they arrive and practical results are expected to follow the survey in the near future.

Congressman Patterson also advises Chairman McEachern that it is his purpose to have this survey extend over his entire district if possible. Mr. Patterson is also making a strenuous effort to have the government send to New Hanover and elsewhere in the district a corps of experts in modern road building to assist the local authorities in the improvement of their highways.

Brought Over From Navassa.

A white man, presumably a tramp, was brought over on the Carolina Central train last night from Navassa and sent out to the hospital. He first refused to give any name but later gave two or three, among the number being Raymond Burch and R. H. Wilson. Beyond that, either from a natural disposition to act ugly or because of dementiac, he will give no account of himself and the authorities are puzzled to know what to do with the case. The man had been loitering around Navassa several days. Yesterday afternoon he went over to a negro settlement and began breaking in doors and smashing everything in sight. When taken in charge by two white men, the stranger had an ugly gash on the left wrist and numerous scratches about the throat; also bruises on the left arm and ankle. At the hospital he was weak from loss of blood, one of the large arteries of the wrist being severed, but otherwise he was all right.

No Disorder Tolerated.

No disorder will be tolerated in or around the carnival grounds. As much may be judged from the amount of fine imposed upon William Owens, a negro arrested Tuesday night by Special Officer C. T. Croom at Ninth and Orange streets. Owens had a disturbance with Estelle Loftin, colored, and when Officer Croom went to make the arrest, the man acted very ugly and tried to obstruct him in every way possible in the performance of his duty. In court yesterday the negro was fined $20 and costs, and the Loftin woman $5 and costs. Chas. Williams, another negro for disorderly conduct at Ninth and Orange streets, was fined $10 and costs by the Mayor yesterday.

Fruit and Produce News.

Mr. E. J. Seymour, representing the New York Fruit and Produce News, arrived yesterday evening from Hamlet to look into the truck situation in this territory and also to attend the annual meeting of the American Fruit and Produce Travellers' Association Saturday. Mr. Seymour is a cousin of the late Judge Seymour, of North Carolina, and has many friends and relatives in this section.

The special committee in charge of the celebration arranged for the official reception of the Confederate battle flags of the Florida troops has issued invitations to the several chapters of Daughters of the Confederacy and camps of the Confederate Veterans to attend the celebration which will be held in the hall of Representatives at Tallahassee.

The New York General Assembly yesterday passed the Frawley boxing bill permitting 15 minute bouts of boxing by amateurs with eight ounce gloves under the rules and auspices of the Amateur Athletic Union of the United States. The bill has passed the Senate and now goes to the governor.
